

GOAINTL Form Data Entry Guidelines

HR

The Human Resources (HR) department at each MAU has the responsibility to collect and enter the following information. These guidelines should be followed when documenting procedures and processes for each particular department. If there is a need to change or add additional fields, the MAU should bring the proposal to the NRA Immigration work team for discussion and approval.

If an employee is a foreign national review the PPAIDEN form under the biographic information and verify that the citizenship indicator is set to "N".

If a current visa type already exists (visa type does not have a visa end date) and the employee's visa type is the same, verify that the following is completed appropriately:
